5 · Risk Flags

Level	Issue	Mitigation
Med	Concessions + warranty (\$10,000) cancel out the \$4,000 over list.	Compare on the net line, not the headline price.
Med	Deposit is 0.5% of price.	Counter for 3% or a larger additional deposit.
Med	The seller's flood disclosure (s. 689.302) isn't confirmed as given.	Have the seller complete it (known flood damage during ownership, flood insurance claims (including NFIP), and federal flood assistance (including FEMA)) and give it to the buyer at or before signing.
Med	15-day inspection period.	Counter to 7–10 days.

7 · Questions for the Buyer's Agent

#	Question
1	Has the buyer obtained a homeowners insurance quote for this address, given the 2019 roof?
2	Who is the loan officer, so we can verify the approval directly?

8 · Questions for the Loan Officer

#	Question
1	Has the file been through automated underwriting (DU or LP), and are income, assets and credit verified with documents?
2	Is the approval good for \$519,000 with 0.0% down on a VA loan, with \$10,000 in seller concessions?
3	Are funds verified for the down payment and closing costs?
4	Any concern about the property meeting VA appraisal and condition rules (roof 2019)?
5	Can you close by Thu Nov 12 with your current workload?

9 · Assumptions & Data to Confirm

Impact	Where	What Was Assumed: Provide the Real Value to Sharpen the Analysis
High	\$519K VA	Buyer-broker compensation not stated: assumed 2.5% (what the seller offered)
Med	\$519K VA	Down payment not provided: assumed 0% for VA
Med	\$519K VA	Appraisal terms not provided: assumed a 21-day contingency (conservative)
Med	Listing	Closing in November or December: whether the seller has paid this year's tax bill wasn't given. Assumed not paid (the seller credits the buyer from Jan 1); if it's paid, the buyer credits the seller instead
Low	Seller	Holding cost estimated from insurance, HOA, utilities and loan interest (tax is in the proration)
Low	\$519K VA	Loan approval period not provided: assumed 30 days

All figures are estimates for discussion only. Documentary Stamp Tax on the Deed 0.70%, seller pays (Florida default); Owner's title policy paid by the seller (promulgated rate, Florida default); Title company fees \$1,145 (Florida default; the title company's quote wins). The tax proration assumes \$6,900/yr paid in arrears; holding costs assume \$1,750/mo. The downside case assumes the appraisal lands at the top of the value range (CMA high) and an inspection credit of about 0.7% of price when the buyer has an inspection period. Actual costs come from the title company's settlement statement. Certainty scores reflect the listing agent's professional judgment, not a guarantee of performance.
