Recommended List Price

$470,000

Supported Value Range

$455K–$480K

Adjusted for size ($1,200 to $1,800); lot ($5,000); market changes since each sale (1% a quarter off sales before July); roof and systems ($5,000); condition and updates ($30,000 to $45,000, against this home's full renovation); view or water ($10,000); and seller credits (taken off each sale price).

What Buyers Will Pay For

Renovated Kitchen and Baths

The single biggest reason your home sells near the top of the neighborhood.

Private Pool

Every one of the closest sales had one, so it keeps your home in that group.

Four Bedrooms, No HOA or CDD

Flexible space and no monthly association costs.

Flood Zone X

Outside the high-risk flood zones; buyers still get their own flood insurance quote.

Needs Paperwork to Count

The Roof

Permit and date. Roof age decides whether a buyer can insure the home.

The Permits

Kitchen, bath, electrical, and plumbing work. Undocumented upgrades count for less.
